

FOR OUR PARTNERS DURING THIS HEALTH CRISIS

At Connecticut Orthopaedics, we know you, as our workers' comp partners, share the belief that there is nothing more important than the health and well-being of our patients, employees, clients and community. During this time of uneasiness, as Coronavirus impacts our daily lives, we want to assure your firm that we remain committed to providing the high quality and compassionate orthopaedic care you have come to expect from us.

We are reaching out to let you know that we are open for essential care. We are also offering virtual/telemedicine visits for those patients who are unable, or unwilling to come to the office. Telemedicine visits may be appropriate for many different kinds of orthopaedic appointments, and may also be beneficial for new patients, depending upon the injury or ailment.

Please note that our Urgent Care|Walk-In clinics are open, and a safer alternative for orthopaedic injuries than the ER ([Click here for updated hours and locations](#)).

For more information, please visit our website at www.ct-ortho.com, or call **203.407.3500**.

In good health,

Dr. Patrick Ruwe
President, Connecticut Orthopaedics
